POLICY STATEMENT

This policy lays out the information available from Hartley Wintney Parish Council (HWPC) under the model publications scheme published by the Information Commissioner's Office (ICO).

This guidance gives examples of the kinds of information that the ICO would expect Parish Councils to provide in order to meet their commitments under the model publication scheme.

The ICO expect Parish Councils to make the information in this definition document available unless:

- it does not hold the information;
- the information is exempt under one of the FOIA exemptions or Environmental Information Regulations exceptions, or its release is prohibited by another statute;
- the information is readily and publicly available from an external website; such information may have been provided by the public authority or on its behalf. The authority must provide a direct link to that information;
- the information is archived, out of date or otherwise inaccessible; or,
- it would be impractical or resource-intensive to prepare the material for routine release.

While Hartley Wintney Parish Council will meet the legal commitment within the model publication scheme, in general HWPC will seek to provide as much information as possible on a routine basis.
